

*Shhh....(a few quick answers—don't tell!)*...

1. **Why Do I Exist?** To live for a purpose bigger than yourself – to live for the glory (the fame) of the God who made you! He'll make it worth your while.
2. **Am I Really Unique?** Think it through – there are billions of people on this planet and you are the *only one* with your fingerprints and DNA structure. Not only that, if the DNA strands from your body were stretched out in sequence, they would reach to the sun and back 400 times. Yeah, it's a safe bet, you were created unique. Live it.
3. **Why Is Life So Unfair?** Ready for this? Because people are part good (made in the image of God) and part evil (selfish, hostile, fallen, etc.). Life is unfair when the evil side (subtly or not so subtly) raises its ugly head against you and others.
4. **Why Do I Often Feel Alone?** Deep friendships usually mean a depth of openness and vulnerability that most people don't feel safe with, but Jesus is the best friend there is. God's Word says about Him, "I have loved you with an everlasting love..." Jeremiah 31:3.
5. **Why Don't I Always Live Up To My Own Beliefs About Right And Wrong?** See #3 above. I am part good inside – but not good enough – and part evil – and these two inner sides of me war against each other. Sometimes one wins, sometimes the other does.
6. **Is There A God? And If So, Where Is He And What Is He Up To?** Adam and Eve ran and hid themselves from God after they blew it with Him. That's pretty much man's condition ever since. So God sent His Son Jesus to come after you and find you. He's still looking for people separated from Him today.
7. **Is There Life After Death? If There Is, So What?** Ever had a nightmare you couldn't wake up from? Ever have a really bad relationship experience? Multiply those feelings times infinity – where you go after your life ends matters – *eternally*.
